SPARE COPIES

Forests - Kudligi taluk - S.No. 1 - Appayanahalli Panchayat - Reservation of area - Notification under Sections 4 and 24 of the Forest Act - submitted.

Ref: Board's Ref. No. 1. 1933/37-1 dated 27-11-37.

According to G.O. No. 993 Revenue dated 5-5-1921, the area of the portion (plot No. XXXVI) ceded to the Madras Presidency is Acs. 503. The area of the portion excluded from the Madras Presidency is not given in the G.O.

I invite Board's attention to this office letter R.Dis.C. No. 739/28 B-2 dated 5-1-1930, with which an errata list was issued to the Resettlement Register in consequence of the redemarcation of the frontier boundary. From the errata issued to S.No. 1 of Appayyanahalli village, it is seen that the area of the survey number was changed from Acs. 2538.50 to Acs. 3025-76. The area of the survey number was thus increased by Acs. 490.26. Deducting this from the area of Acs. 503 as noted in the G.O. the excluded area works up to Acs. 12.74. There are no records to show exactly the area of the portions excluded and included and the draft notification previously submitted to Board for the reservation of Acs. 490.26 was

prepared with reference to the errata list.

In order to prepare draft notifications for the reservation and disreservation of the portions included in and excluded from the Madras Presidency the Director of Survey, Madras was asked to furnish the correct area of the two portions. He has reported that on actual computation the area of the portion included was found to be Acs. 402.60 and that of the portion excluded to be Acs. 11.92. The net area gained will be Acs. 390-68 and not Acs. 490.26 as mentioned in the draft notification referred to above. There is thus a difference of Acs. 99.58 between the actual area gained (Acs. 402.60) and the area of Acs. 503 mentioned in the G.O. Obviously the area of Acs. 503 mentioned at pages 6 and 10 of the G.O. is incorrect.

I enclose a draft notification under Section 4 of the Forest Act for the reservation of an extent of Acs. 402-60 which was ceded to the Madras Presidency and another under Section 24 of the Act for the disreservation of an extent of Acs. 11.92 which was excluded from the British Territory and added to the Mysore State. Plotted sketches in triplicate showing the portions excluded and included are enclosed. I request that the notifications may be published in the Fort St. George Gazette. After the publication of the notifications, I shall issue necessary errata to revise the area of S.No. 1 of Appayyanahalli in the Forest and Revenue accounts.

2). According to the proposals, a large extent is to be included in the reserve and a small extent to be disreserved. The description of the boundary will not change and the northern ~~eastern~~ boundary, where the changes occur continues to be the Mysore boundary. But before the area is to be treated as a reserve, the private rights, if any, would have to be settled. So, a notification under the Forest Act, describing the extent to be reserved is necessary.

Hence, revised notifications as suggested by the C.C. of forests may be called for.
